

WHISPER WOODS OF SMITHTOWN

2023 Humanitarian of the Year Award

Whisper Woods of Smithtown is a Benchmark assisted living and Mind & Memory Care community devoted to upholding Benchmark's culture of caring.

Whisper Woods associates are hired for heart, trained for skill and have dedicated themselves to keeping its residents connected to who and what matters most to them. With a commitment to both its residents and associates that's been widely recognized since the community opened its doors in 2018 across the street from St. Catherine of Siena Hospital, it's no wonder that Whisper Woods was recently selected one of the country's best by U.S. News & World Report with a Best Assisted Living community excellence award.

Associates delight in not only providing residents with services like 24/7 personalized care, so they remain empowered as they age, but also getting to know each resident so they can provide experiences that nurture their passions, connections and enhance their quality of life.

The Whisper Woods team is incredibly proud to have its mission and dedication to seniors recognized with The Kings Park Chamber of Commerce's Humanitarian of the Year award!
