

Kings Park Chamber of Commerce

Through your affiliation with the Kings Park Chamber of Commerce you are automatically part of our accomplishments and our sphere of influence, good will and business development. 100% of every dollar we receive in grants, sponsorships, ads, donations and event revenue is used to support our programs and our local partnerships in order to maintain and enhance our residents and resident businesses. Not one dollar goes toward administrative or operation expenses. Our Board of Directors is a completely voluntary body and give of themselves freely for the betterment of our membership and community at large.

We are:

- The voice of the business community
- Liaison between the community, local and state government and a powerful advocate for the betterment of all who reside or conduct business within. Our Chamber has been solely or partly responsible for Kings Park receiving **over one hundred million dollars** of development and grant monies from local, county and state funds.
- The guide, the economic engine of our community
- The repository of over \$200,000 in grants, sponsorships and funding for cultural arts, family entertainment and projects that attract visitors to revitalize and improve our town from government and large corporate partners.
- We sponsor and support local non-profits in their charitable and humanitarian pursuits
- We support our local school districts and fund scholarships and other educational and sports related programs
- We support and promote our local fire department, EMT's and other life-saving services in our town
- We support and promote our local hospitals and health care facilities
- We work closely with civic associations for the betterment of our community
- We support our local museums, historical societies and other cultural centers.
- We love our community. We work for YOU!

Recent Accomplishments

We were a major player in the successful effort to get the Downtown Business District Sewer Project approved and on the calendar

We played a key role in the beautiful, new municipal parking lot complete with electric vehicle charging stations on Pulaski Rd

We were very instrumental in successfully advocating for the New York State Department of Environmental Conservation's beautiful brand new E5 building on the grounds of the Nissequogue River State Park

Along with the new DEC building, the marina will receive be significantly upgraded and the surrounding soccer field will receive a much needed renovation.

Kings Park is the recipient of a large dollar amount grant for major improvements to our downtown area that will benefit both foot and vehicular traffic and our businesses

Actively participated in the planning and development of a new Master Plan for the Town of Smithtown going forward

Other Accomplishments

Kiosk & Clock Tower @ Savatt Park

Hike & Bike Trail

Playground @ Kings Park Library

Benches, Historic Signs and Trash Barrels along the Hike & Bike Trail

Commemorative Brick Walkway at Kings Park Library

Traffic Safety Devices along Main Street
